

Enroll in Easy Pay and Level Pay!

Always forgetting to mail your bills? Make bill paying easy on yourself.

Monthly payments will be automatically deducted from your checking or Visa/MasterCard account. Signing up is as easy as completing the application below and attaching a voided check or providing your MasterCard/Visa information. Send it back with your next utility bill payment, and you will be on your way to hassle-free bill paying.

You will receive a statement every month showing how much we will deduct from your checking or MasterCard/Visa account. You will have 10 days to look over your bill and ask any questions before the charges are applied. A message will appear on your bill when the program takes effect, usually within 3 to 4 weeks after we receive your application.

Spread utility costs throughout the year by averaging your monthly charges. Allows you to predict your utility expenses each month, and average out high and low bills. To enroll, you must be our customer in your present location for at least three months, and owe only a current amount on your utility bill.

Combine Easy Pay and Level Pay

Make bill paying even easier by having a similar amount deducted from your checking or credit card account each month.
